Seminar on Investment Banking and Data Science by Imarticus Learning

Date: Thursday, 15th February, 2024

The various seminars conducted by Center for Career Guidance and Development (CCG&D), aims to enlighten the students by providing them insights into industry trends, challenges, and career opportunities. These seminars sought to empower students to make informed decisions regarding their career paths.

On **Thursday, 15th February, 2024**, the Center for Career Guidance and Development hosted two seminars featuring distinguished speakers from **Imarticus Learning**, India's leading professional education technology organization. The first seminar, conducted by **Mr. Abhishek Kumar, Associate Vice President** at Imarticus, delved into the intricacies of *Skills Sets required to work in the investment banking sector*. Following this, **Mr. Kuber Dutta**, a seasoned **Business Intelligence and Data Science consultant**, shed light on the burgeoning field of *Data Science, its trends and challenges in IT sector*.

Mr. Abhishek Kumar commenced the seminar by elucidating the indispensable skill sets requisite for a successful career in investment banking. With a captivating discourse, he navigated the students through the labyrinth of global banking conglomerates and elucidated on the nuances of mergers within the industry. Furthermore, Mr. Kumar expounded on the critical facet of risk management, emphasizing its perpetual nature in mitigating financial loss. Through engaging anecdotes and real-world examples, students gained a comprehensive understanding of the dynamic landscape of investment banking. A total of 118 final year students of **B. Com** and **BBA** attended the session.

With over a decade of experience in the field, Mr. Dutta articulated the recent trends and advancements shaping the data science industry. He elucidated on the significance of proficiency in various programming languages, emphasizing their pivotal role in carving a successful career path. By delineating the plethora of career opportunities in data science, Mr. Dutta inspired the final year students of **BCA, MCA, B.Tech (CSE)** and **B. Sc. (CS)** to embark on a journey of exploration and innovation.

Dr. Sufia Rehman from CCG&D managed and coordinated the event. The culmination of each seminar witnessed an interactive exchange between the speakers and students, wherein queries were addressed, and insights were shared. During the seminars, students learned about the important skills needed to succeed in investment banking and data science. Moreover, the interactive sessions facilitated meaningful engagement and enabled students to gain practical insights from industry experts, thus enriching their learning experience.
