## About AIU

About the Association of Indian Universities (AIU) is an apex inter university representative body of universities and other higher education institutions in the country. Established in 1925 as the Inter University Board (IUB) of India, it acquired its legal status as a registered society in 1967 under the Societies Registration Act 1860 and was rechristened as Association of Indian Universities (AIU) in 1973. AIU is the second oldest university association in the world next to the Association of Commonwealth Universities which was established in 1913. It has the distinct feature of having the largest network of universities and other HEIs under its ambit with 982 members of Foreign Countries. The membership of AIU includes all types of universities e.g. conventional Universities, Open Universities, Deemed to be Universities, State Universities, Central Universities, Private Universities and Institutes of National Importance. In addition to Indian Universities, Universities/Institutes from Bangladesh, Bhutan, Republic of Kazakhstan, Malasia, Mauritius, Nepal, Thailand, United Arab Emirates and United Kingdom are its Associate Members. Since inception AIU has played a very significant role in the development of Education in the Country. Some of the eminent scholars and visionary leaders like Dr. Sarvepalli Radhakrishnan, Dr. Shyama Prasad Mukherjee, Dr. Zakir Hussain, Sir A.L. Mudaliar have given leadership to AIU. During such a long journey, AIU has carved a niche for itself by serving by the Ministry of Education, Government of India as a research-based policy advisory body.

## About the Program

When we talk about incorporating modern technologies into the classroom, we're referring to the use of digital tools and resources to enhance the learning experience. Understanding virtual classrooms, online meetings, and technology-enabled books and texts can help demonstrate the power of technology in the classroom. Interactive whiteboards and smartboards allow teachers to take notes during lessons and add comments, highlights, and saves them. The use of gamification, online communities, social media, and virtual reality (AR/VR). Teachers might organize students into groups for a variety of purposes, including speaking up in class and sharing resources. Alternative Pedagogy: Cloud-based platforms are perfect for educational applications since they allow students to learn at their own pace, use Machine Learning (ML) for customization, save and collaborate easily, and have convenient access to materials. Tools for evaluation, surveys, and polls are all instances of formative assessments.
