

## **Report on Quiz on Gender Equity Awareness**

Department of Agriculture, IAST, Integral University, successfully organized an Online Quiz on **Gender Equity** with the thematic focus on “**Bridging the Gap or Changing the Map? Advancing Gender Equity in Climate-Smart Agriculture**” on 17<sup>th</sup> November 2024. The event aimed to highlight the crucial role of gender equity in fostering sustainable and climate-resilient agricultural practices. By addressing the intersections of gender and agriculture, the quiz sought to promote awareness of the challenges and opportunities women and marginalized groups face in climate-smart farming. It encouraged participants to critically analyze and engage with solutions that advance inclusivity, empower women in decision-making roles, and bridge existing gender disparities in agriculture. Through this initiative, the department created a platform for achieving sustainable development by integrating gender equity into agricultural innovation and policy.

The Quiz was observed under the guidance of Prof. Mohd Haris Siddiqui, Director, Integral Institute of Agricultural Science and Technology and Prof. Saba Siddiqui, Head, Department of Agriculture, IAST. The event was coordinated by Dr. Malik Mobeen Ahmad, Dr. Usman Sayyed, and Dr. Satish Yadav, with the supporting staff of Mohd. Mued. The quiz observed enthusiastic participation from students, researchers, and professionals across various disciplines, reflecting the relevance and interest in the topic. Conducted online for broad accessibility, it included multiple-choice questions related to gender roles, policy impacts, and innovative practices in climate-smart agriculture. The session lasted for approximately one hour, ensuring an engaging yet concise learning experience. Top performers were acknowledged with e-certificates and featured on the institution’s website as a token of appreciation for their insightful contributions.

The graph showing the various fields that were filled out on the forms. Total 124 students filled the form and 76 students attempted the quiz. The winners were Syed Faraz Anwar (Enrolment Number-2300103428) of B. Tech CSE II Year, Anish Fatma (2200103983) of BBA LLB III Year, Shivam Singh (Enrollment Number-2200100671) of B.Sc. (Hons.) Agriculture III Year. The outcomes of the event included increased awareness among participants about the challenges and opportunities in achieving gender equity within climate-smart agricultural systems, meaningful engagement through discussions on practical and policy-driven solutions for equitable agricultural practices, and capacity building by equipping participants with the understanding needed to advocate for and contribute to gender-equitable initiatives.

In conclusion, the Online Quiz on Gender Equity successfully underscored the importance of bridging gender gaps in climate-smart agriculture and highlighted the need to transform perspectives and strategies for inclusive growth. The efforts of the faculty coordinators, supporting staff, and participants collectively made the event a remarkable success. We extend

our gratitude to all contributors for making this initiative impactful and look forward to organizing more such engaging events in the future.
