

CENTRAL AIR CONDITIONED PLANT VISIT FOR MECHANICAL ENGG. STUDENTS, INTEGRAL UNIVERSITY, LUCKNOW (ISHRAE STUDENTS' ACTIVITY)

ISHRAE students' society of Department of Mechanical Engineering, Integral University, Lucknow, arranged a central air conditioned plant site visit as a part of ISHRAE students' activity. The plant visit was scheduled on 22nd April 2017 at "Cine Police Mall", Gomti Nagar. More than 30 students of third year and fourth year participated in the plant visit with Mr. Mohammad Faisal Khan (Faculty coordinator, ISHRAE student chapter, Integral University). Students visited the chilled water pump room, plant room chilled water piping, flow control valves, air cooled chillers, basement ventilation systems with centrifugal fan and ducting, Fire pump room and diesel generators. During the site visit, the students were explained the working principle of aforementioned equipments, and many other valuable piece of information from practical point of view. The objective of this visit was to provide the practical knowledge of central air conditioning system, fire fighting and ventilation system to the students. Mr. Rahul Soori (President, ISHRAE), Mr. Rajeev Vig, Mr. Meesum Rizvi and Mr. Varad Tiwari were present on behalf of ISHRAE Lucknow sub-chapter team.
