PROFILE

Academician and Researcher with 2 years of extensive experience in areas of Computer Science Engineering, pedagogy and research with specialization in the field of Machine Learning.

QUALIFICATION	<ul style="list-style-type: none">• PhD (Pursuing) Integral University, Lucknow• M. Tech (CSE) -2019, Integral University Lucknow• B. Tech (CSE) -2017, Integral University Lucknow• Certificate of Completion The Full Stack Web DEvelopment With GenAI & MERN STACK
TEACHING/ RESEARCH/ ESTABLISHMENT EXPERIENCE	2 Years
PUBLICATIONS	Research Paper: 02 Conferences attended: 1
WORKSHOP/ QIP/ FDP/ SHORT COURSES	FDP: 3

PROFESSIONAL MEMBERSHIPS	IEANG
--------------------------	-------

RESEARCH INTERESTS

- Natural Language Processing (NLP)
- Machine Learning
- Computer Vision

SUMMARY OF RESEARCH ACCOMPLISHMENT:

Mohammad Aalam Khan, Dr. Mohammad Haroon, Mohammad Suaib “Question and Answer Model on Textual Data using Deep Learning”, I published my research paper in Journal of Emerging Technologies and Innovative JETIR, June 2019, Google Scholar Indexing, UGC Approved.

Mohammad Aalam Khan, Dr. Mohammad Haroon, Mohammad Suaib , “Question and Answer Model on Textual Data using Deep Learning ”, I published my research paper in International Journal of science and Engineering Development Research(IJSDR) May 2019, UGCApproved.

COURSE TAUGHT: COURSES RELATED, BUT NOT LIMITED, TO THE FOLLOWING

- Full Stack Development- Front End
- Full Stack Development- Back End
- Digital Image Processing
- Computer Graphics
- Cyber Law

STUDENTS SUPERVISION

B.Tech. Final year Projects – 7

- E-Commerce Website with Recommendation System
- Blockchain-Based Voting System
- Smart Home Automation System
- IoT-Based Health Monitoring System
- Virtual classroom
