Lucknow, Uttar Pradesh 226020 · +918318535127 · mohdanas2k@gmail.com

## SUMMARY

As a recent graduate with a Master's in Pharmaceutical Chemistry, I bring a strong academic background and practical expertise to the pharmaceutical industry. Armed with hands-on experience from coursework and research projects, I am well-equipped to contribute effectively to drug development, quality control, and research initiatives. I am actively seeking a fulfilling career opportunity where I can apply my skills and knowledge to make valuable contributions in the dynamic field of pharmaceuticals.

## EXPERIENCE

Procurement Manager

Aug 2023 - Present

Prime Pharmaceutical · Lucknow, Uttar Pradesh

As a Procurement Manager, my job responsibilities include overseeing and managing the procurement process within an organization. I am responsible for developing and implementing procurement strategies to ensure the efficient and cost-effective acquisition of goods and services.

- I also monitor supplier performance to ensure compliance with contractual obligations and manage any issues or disputes that may arise.
- I analyze market trends and supplier performance data to identify opportunities for cost savings and process improvements.
- Implemented a supplier performance evaluation system, resulting in improved supplier accountability and quality control.
- Led cross-functional teams in the evaluation and selection of suppliers, resulting in improved supplier diversity and increased competition.
- Developed and implemented a strategic sourcing plan, resulting in reduced lead times and improved supplier relationships.

Research

Aug 2022 - Jul 2023

Integral University · Lucknow, Uttar Pradesh

Research: Actively participated in research, fulfilling degree requirements, focusing on drug synthesis and assessing their biological activity.

As a Researcher, I actively participated in research projects, fulfilling the requirements for my degree. My main focus was on drug synthesis, where I conducted extensive experiments and analysis to develop new compounds. I collaborated with a team of scientists to design and carry out experiments, collect and analyze data, and interpret the results. I also conducted literature reviews to stay updated on the latest advancements in the field and incorporated relevant findings into my research.

- Successfully conducted experiments and analysis for drug synthesis research
  - Collected and analyzed data to interpret research results
  - Conducted literature reviews to stay updated on advancements in the field
- Contributed to scientific publications

## EDUCATION

### M.Pharm

Aug 2021 - Aug 2023

Integral University · Lucknow, Uttar Pradesh

First Division with Honors

#### DISSERTATION IN M. PHARM

Title: DOCKING, SYNTHESIS AND ANTIMICROBIAL ACTIVITY OF 1H-INDOLE-2,3-DIONE DERIVATIVES:

Highlights:

- ❖ Literature survey
- ❖ Molecular docking study
- ❖ Synthesis of the derivatives
- ❖ Purification analysis
- ❖ Characterization by Spectroscopy
- ❖ Antibacterial screening

### Bachelor of Pharmacy

Jul 2017 - Jul 2021

Rameshwaram Institute of Technology & Management · Lucknow, UTTAR PRADESH

First Division with Honors

### 12th

Jul 2016 - Jul 2017

CISCE Board · Lucknow, Uttar Pradesh

### 10th

Jul 2014 - Jul 2015

CISCE Board · Lucknow, Uttar Pradesh

## STRENGTH

- Hard Working
- Leadership
- Self-Motivated
- Adaptability
- Team Player

## SKILLS

- Strong analytical and problem-solving abilities
- Proficiency in laboratory techniques and equipment
- Attention to detail and precision in data collection
- Adaptability and a willingness to learn

## LANGUAGES

- English
- Hindi
