Event Report
One Week National Faculty Development Programme
On
Introduction To Six Sigma
(07th December –12th December, 2020)

One week FDP (Faculty development programme) was organized by Department of Commerce & Business Management (DCBM), Integral University, Lucknow (DCBM) in association with Electronics & ICT Academy, Indian Institute of Technology, Kanpur (An initiative of Ministry of Electronics & Information Technology (MeitY), Ministry of Communications & IT, Govt. of India on Module: "Introduction To Six Sigma". FDP was organized under the Flagship and Guidance of Prof. A.K Saxena Dean Faculty of Commerce and Management and Dr Syed Shahid Mazhar, Head, Department of Commerce and Business Management. This FDP was organized and Coordinated by Dr. Noor Alam Khan & Mr. Shab Ud Din. The FDP received overwhelming response and received more than 200 registrations. Out of 200 participants almost 70 were eligible for certification.

OBJECTIVES: The objective of this FDP is to provide an IIT platform to the faculty members to update their knowledge/skills in the above domain.

LEARNINGS:

The FDP helped the Faculties/researchers in developing an approach towards the importance of identifying and knowing correct ways to improve the efficiency of the business process. Six Sigma equipped person can become change agent within the organization. They lead efforts to improve processes. They help in improving quality of products and services delivered to customers.

EICT-FDP Six Sigma is talki...

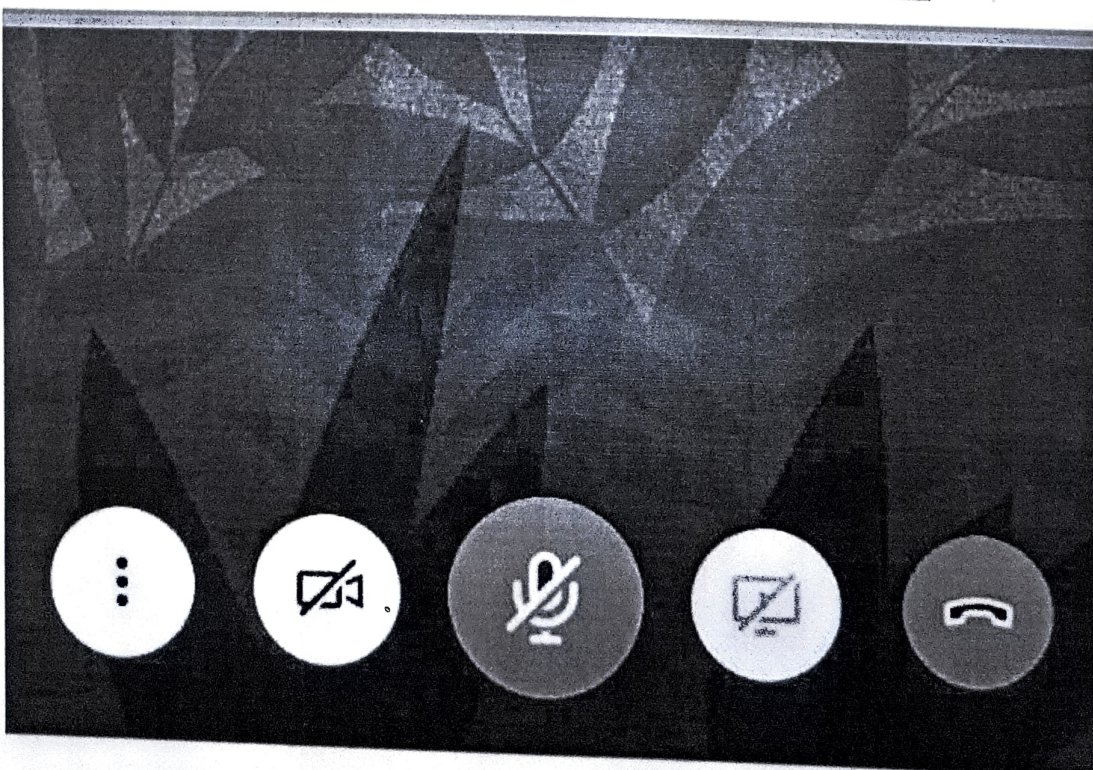

Risk Management

- Risk Identification, Analysis, Evaluation and Mitigation/Treatment
- Consultation and Monitoring are critical for this process across the lifecycle
- Root cause, Probability & Impact are the factors
- Impact Analysis & Probability Analysis are to be conducted to analyze the risks and minimize them
- Minimizing the effect of the risk is by minimizing the levels of probability and Impact
- Treatment can be planned as both preventive measure or/and as response to impact
