Education Solutions Pvt. Ltd

The Competitive Examination Preparation Committee (CEPC) of the Department of Computer Science & Engineering in collaboration with iNurture Education Solutions Pvt. Ltd organized a one day Online Workshop “*Cyber Forensics, Retrieve Lost Data*” on 30<sup>th</sup> September 2020. In today’s world, where Information Technology and ICT tools are being used in every walk of life, Digital evidence plays a pivotal role. The ever increasing rate of cybercrime has given a torrential rise in cyber security breaches and hence this workshop helped participants gain an insight to Cybercrimes and their related investigations carried out by cybercrime experts to expose the illegal activities involved to steal data and use it for wrong purpose. More than 80 participants from all engineering branches of Integral University got benefited from this one day workshop.

The Workshop was beneficial for the participants, as it not only helped gain an insight to securing digital information, but also gave an idea what career choices one should opt for becoming a Digital Crime Investigator of Cyber Forensics. The participants of this course got trained with the best techniques which are used during Data Forensics and Computer Forensics investigations. The following aspects of Computer Forensics were covered:

- Defining Computer Forensics
- Reasons for gathering evidence
- Who uses Computer Forensics?
- Procedure of Computer Forensics
- Handling evidence
- Forensic equipments
- Recovering Lost data
- Safely Deleting data

Mr. Sunil Singh, Senior Faculty, iNurture Education Solutions Pvt. Ltd was the speaker of this One day workshop. The Workshop was efficiently coordinated by senior Faculty members of the Department of Computer Science & Engineering, Dr. Jameel Ahmad and Mr. Mohammad Suaib.
