

Report of the event

A Seminar was held on the theme DRONE/ UAE TECHNOLOGIES on 16TH APRIL 2018 at 10:00 am in NLT 5 Seminar Hall of Integral University, Lucknow.

Mr. Vikram Singh, Founder & CEO at Tech Eagle Pvt Ltd. has given a talk on the topic Career opportunities in drone industry.

TechEagle is India's pioneer and lead manufacturer of long range, high Speed, heavy payload delivery Drone solutions. Founded in 2015 by IIT Kanpur alumni, It became one of the very first companies to receive approvals from DGCA, MoCA, AAI & MHA to conduct Beyond Visual Line of Sight (BVLOS) trials for package delivery via Drones in India. We are a passionate team of hustlers (engineers), who are determined to enable on-demand drone delivery network for providing better healthcare & e-commerce access to remote areas.

Welcome address was given by the Head of the Department Prof. P. K. Bharti. Dr Mohd Anas, Assoc. Prof. has given a brief introduction of the guest followed by the talk of Mr. Vikram Singh, Founder & CEO TechEagle Pvt ltd.

Mr. Vikram Singh has discussed about Drones capabilities of Vertical Take-Off & Landing to give the flexibility to operate it from anywhere. No throwing, No nets, No slingshots, No additional infrastructure required gives true independence from runway. He also mentioned that they connect the remote locations to urban cities for better Healthcare & E-Commerce access. Working towards connecting the World, with Dual redundancy in Propulsion, C2Link, Sensors for extra reliability, equipped with independently controlled & powered Parachutes for Ultimate failsafe were discussed. At the end vote of thanks was given by Mr. Faiz Mohd, A. P., Department of Mechanical Engineering, Integral University, Lucknow.
