

DEPARTMENT OF CHEMISTRY
INTEGRAL UNIVERSITY, LUCKNOW
PLANTATION DRIVE-2019

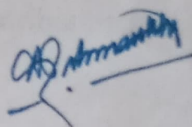

Dated: 17.10.2019

NOTICE

This is to inform you all a tree plantation program '*Plantation Drive*' is going to be held in the Department of Chemistry in front of UG Chemistry lab at 12:10 PM on October 19, 2019. The objective of this drive is creating awareness about importance of trees in our life and their medicinal benefits. All are requested to be present.

(Dr. Naseem Ahmad)
Assistant Professor
Department of Chemistry

DEPARTMENT OF CHEMISTRY
REPORT ON PLANTATION DRIVE-2019

The Integral University had a long standing tradition of preservation of culture, heritage and flora and fauna of the *Nawab's* city, Lucknow. In order to sensitize students towards the need to preserve our environment and ecology, tree plantation drives are organized in different departments from time to time. One such drive was held on 19th October 2019, during which trees were planted around the UG. Chemistry Lab. (Academic Block-III). The program started with an influential speech of *Ms. Sonali Mishra* (a research fellow at CIMAP, Lucknow and also our alumna of M.Sc. Industrial Chemistry Batch-2014) on the effects of global warming and the importance of trees in our lives. Upon the instructions of *Dr. Naseem Ahmad*, the program further followed by students of U.G. courses planting saplings around the Chemistry Lab. In the group of 10 students, each group bought one sapling. The event was a success as each student contributed profoundly. Further, the event was followed by a small presentation of each groups in which they valued their respective plants. In the presentation *Dr. Minaxi B. Lohani*, *Dr. Malik Nasibullah*, *Dr. Firoz Hassan*, *Dr. Saimah Khan* and *Dr. Qazi Inamur Rahman* were present. Later the event was ended by taking an oath to prevent the environment from pollution by contributing little in our daily life.

Glimpses of the Program

Dr. Naseem Ahmad
