Dear All,

The Environmental Law Society Faculty of Law, Integral University organised a panel discussion on the theme "Energy Security Goals and Climate Concern in India" on 19th February 2022 through Online Mode at Google Meet.

The Resource persons for the online panel discussion were **Dr. Anita Yadav** Assistant Professor Campus Law Centre, University of Delhi and **Ms. Divya Singh Rathor** Assistant Professor of Law, NLU Orissa. The discussion included climate change, Covid-19 impact on energy security goals and economic stability, etc. The student and the staff members participated in the panel discussion with great zeal and enthusiasm. The discussion and question-and-answer session with the resource person were included in the panel discussion. Students asked their queries and suggested their valuable feedback and conveyed that these types of talks need to be held on a regular basis. The participants appreciated the professional knowledge and experience shared by the Resource person during the panel discussion.

The program ended successfully by giving a vote of thanks by a student member of the society to the guest and attendees. The program was a resounding success due to the active participation of more than 100 students.

The program was successfully coordinated by Dr. Mirza Juned Beg (Faculty Coordinator), Sidra Khaleeq and Saniya Zakee (Student Coordinators) and Members of Environmental Law Society, Faculty of Law, Integral University, Lucknow.

Dear All,

Greetings from Environmental Law Society, Faculty of Law, Integral University, Lucknow.

The Environmental Law Society, Faculty of Law, Integral University is organizing a panel discussion on the topic "Energy Security Goals and Climate Concern in India" on 19th February 2022 through the virtual platform at 05:00 P.M. The Experts for the panel discussion are Dr. Anita Yadav, Assistant Professor, Campus Law Center, the University of Delhi and Ms Divya Singh Rathor, Assistant Professor of Law, NLU Odisha. World energy demand is surging. Oil, coal and natural gas still meet most global energy needs, creating serious implications for the environment. One result is that CO2 emissions, the principal cause of global warming, are rising. Simultaneously resolving energy security and environmental concerns is a key challenge for policymakers today. This panel discussion helps students learn about the energy security goals and how to protect and restore the environment as a whole. For details, the brochure is attached. You are cordially invited to attend the same and benefited from it.

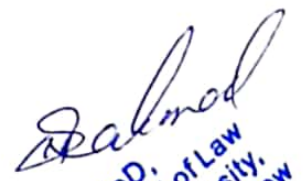

Platform: Google meet
