Dear All,

Trees are good for the soul. They are essential to the air we breathe and provide a superb example of strength and perseverance in facing adversity. Trees are an important part of every community. Our streets, parks, playgrounds and backyards are lined with trees that create a peaceful, aesthetically pleasing environment. Trees increase our quality of life by bringing natural elements and wildlife habitats into urban settings. Trees contribute to our environment by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife.

In reference to the aforesaid purpose, the **United Nations adopted the Sustainable Development Goals in 2015**, a major blueprint to achieve a better and more sustainable future for all. They address the global challenges we face, including poverty, inequality, climate change, environmental degradation, peace and justice.

The Environmental Law Society, Faculty of Law, Integral University, Lucknow for addressing the Sustainable Development Goals Number 13 and 15 is going to organize an outreach Plantation Drive on the theme "Plant Trees, Save the Earth" on 25 th June 2022 at 11:00 a.m. in the Primary Health Center, Gudamba, Kursi Road, Lucknow.

The main aim of this outreach Plantation Drive is to promote sustainable development goals, contribute toward the betterment of our environment and direct the student's mind in constructive activities which have positive outcomes for the society.

We warmly invite you to be a part of this plantation drive for making it completely successful.
