

A report on 2nd National Pharmacovigilance Week **(From 17th - 23rd September, 2022)**

Organized by: Adverse Drug Reaction Monitoring Centre (AMC)

Faculty of Pharmacy and IIMS&R, Integral University, Lucknow, U.P.

Under the aegis of National Coordination centre for Pharmacovigilance Programme of India (PvPi), Indian Pharmacopoeia Commission, Ministry of Health & Family Welfare, Government of India.

National Pharmacovigilance week was celebrated (From 17th - 23rd September, 2022) by ADR Monitoring Centre (AMC), Faculty of Pharmacy and IIMS&R, Lucknow, UP. The Theme of National Pharmacovigilance week was 'Encouraging Reporting of ADR by Patients'. During celebration, the various events were organized such as Walkathon, Nukkad Natak, Sensitizing sessions for patients, **guest lectures** for Health Care Professionals and quiz.

Celebration was initiated with walkathon with banners, placards, posters, verbal interactions with patients, at Integral Institute of Medical Science and Research (IIMS&R). The students of M. Pharm (Pharmacology), Pharm D. and MBBS with their teachers were involved.

One guest lecture on "Pharmacovigilance & Challenges in Indian Scenario" was delivered by Prof. R.K. Dixit, Department of Pharmacology, KGMU on 19th September, 2022. Prof. Dixit deliberated the topic in very interesting way & covered all aspects of ADRs & challenges that are faced to report the ADRs & motivated the audience to a great extent.
