

GUEST LECTURE REPORT
ON
URBANIZATION AND ENVIRONMENTAL ISSUES

Department of Education conducted a guest lecture on the topic “**URBANIZATION AND ENVIRONMENTAL ISSUES**” dated 19/04/2018 at Conference Hall, Auditorium. **Dr. M. A. Khalid**, Prof. & Head, Department of Environmental Science, Integral University, Lucknow delivered excellent lecture on the topic.

Key points highlighted by the speaker were Importance of Environment, Urbanization, its meaning, what it leads to and its causes (with interesting statistics of past, present and future) as an eco-system, major issues that urban cities may face like crime, water shortages, sanitation and depletion of natural resources, etc were also being discussed in detail.

Topics like Historical Perspectives of urbanization, population shift (horizontal to vertical), consequences of development, migration causes and consequences, Overcrowding and its challenges, water and sanitation process, waste management, health services, concept mega cities and its trends, etc. are explained with the help of power point presentation, pictures and interesting statistics.

The most appealing part of the lecture was that the speaker has compared each and every point with other countries using pictures and shared the real life experience of the speaker of that particular place. All the present faculties and students were mesmerized by the feeling of environment and world tour. Overall it was a great experience of listening to the such an experienced speaker. The students of M.Ed, B.Ed and faculty members were present there. Vote of thanks was given by Dr. A.K. Lodi, HoD (Education) and the programme was successfully anchored by Dr. Akhlak Ahmad, Dept of Education.
