Securities and Exchange Board of India (SEBI) as the regulator of securities market in India has always been a pioneer with respect to spreading financial literacy and awareness amongst different segments of the society. People face various issues like complexity of financial products, prevalence of fraudulent and Ponzi schemes, need for funds to get a better quality of life after retirement, etc. These issues have generated need for a better management of personal finances with proper management of income and expenditure.

We convey our sincere thanks to you for acceding to our request to let us conduct Workshop/Webinar for the Department of Commerce and Management, Integral University, Lucknow on July 29, 2020. Your support, organisation and coordination during the same have not only given impetus to our efforts in expanding horizons of Financial Education and Investor Awareness but has also assured us in moving forward towards the goal of financial education for all.

We look forward for many such interactions in future. This shall not only help the people get awareness about the right investment skills and opportunities available in the market but will also make them aware as to how to protect themselves from various fraudulent and ponzi schemes.
