

# TEKKEN-7 TOURNAMENT

(March 18, 2023)

Organized By

**DEPARTMENT OF COMPUTER APPLICATION**

## Brief Report

The Department of Computer Application organized a **TEKKEN-7 Tournament** sponsored by **Gameholic Cafe** during the annual Fiesta festival on **18th March 2023** in Hall-2, Central Auditorium. The event was designed to provide an opportunity for students to showcase their skills in playing TEKKEN-7; it is a well-known video game. The event was open to everyone and in total **40 students participated** in the event, which was further divided into 4 Groups. The tournament was conducted in a knockout format, with the winning team from each match advancing to the next round. This event provided an excellent opportunity for students to showcase their skills in playing TEKKEN7 and interact with their peers. The event was well-organized by **Bakhtyar Ansari** and **Areeb Khan** of BCA Final Year under the mentorship of faculty coordinator **Ms. Nashra Javed**. The event provided an excellent platform for students to showcase their skills in playing TEKKEN-7, and it also helped to promote the department and its students.
