

Department of Computer Sc. & Engg., Integral University
&

iNurture Education Solutions Pvt. Ltd.

NOTICE

The Departmental Quality Assurance Committee, Comp. Sc. & Engg. in collaboration with iNurture is organizing Full Day Workshop on "Web Based Live Project" for B.Tech (CSE) All Year and CTIS students.

The workshop will focus on various aspects & practical implementation of Web Technologies that are being used in the development of web applications. The workshop will be based on client-server architecture. It will require Apache Web Server to run PHP (Server-side scripting language) and MySQL to create database schema and run SQL queries.

Software and Hardware Requirements:

Client-side: HTML, CSS, JavaScript, JQuery

Server-side: PHP, Apache Web Server, MySQL

Operating System: Windows 7/8/10

IDE: Macromedia Dreamweaver 8

Interested students can register their names with **Dr. Mohd. Arif (CSE dept.)** or **Mr. Mohit Kumar (CTIS dept.)** till **12th October 2018**. There are only 30 seats. Registrations will be done on first come first serve basis.

Expert Name: Mr. Farooq Ahmad

Venue: NLT 15

Date: 15th Oct '18

Time: 9:15 am

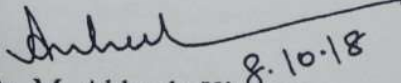

Note-

- i. Students must bring their own laptops & equipments.
- ii. Charging points will be limited as per Lecture Hall so students must arrange their own extension cord.
- iii. Softwares will be provided so students must carry their pen drives of at least 8 GB.
