HELD BETWEEN 18TH TO 23RD MARCH, 2024

organized by

FACULTY OF ARCHITECTURE, PLANNING & DESIGN

INTEGRAL UNIVERSITY, LUCKNOW

in collaboration with

INSTITUTE OF URBAN DESIGNERS INDIA (IUDI), LUCKNOW CENTRE

Kevin Lynch, who was a prominent American urban planner and author & is known for his ground-breaking contributions to the field of city planning and design wrote in his book *The Image of the City* that “*The quality of urban design directly affects the quality of our lives.*” His quote succinctly captures the profound impact that thoughtful planning and architectural decisions have on our daily experiences. Well-designed urban environments have the power to shape our social interactions, physical well-being, and overall happiness.

Marking his words, Faculty of Architecture, Planning & Design (FoAPD) in collaboration with Institute of Urban Designers India (IUDI) Lucknow Centre organized a Student Workshop on *Se ling the Unse led: Meaning of Built Environment*. The workshop not only brings to life the words of Kevin Lynch, but also aligns to the Vision of Integral University and its Programs where Industry Exposure, Workshops & Field Visits are the key aspects for quality education and imparting excellence in such a way that the Sustainable Development Goals of Gender Equality, Sustainable Cities & Communities, Partnerships for the Goals and Industry Innovation & Infrastructure set by the United Nations are met. The Collaborative Workshop was organized on 18th & 19th March 2024 and concluded on 23rd March 2024.
