Dear All,

Cosmoparticle Physics is a multidisciplinary field that explores the connections between cosmology and particle physics. In a universe that is both vast and intricate, understanding the interplay between cosmology and particle physics is essential for advancing our knowledge of the cosmos. Cosmoparticle Physics sheds light and illuminates the profound connection between the universe's grand structure and the elementary particles.

With this point of view, it gives me immense pleasure to announce that the Departmental Quality Assurance Cell (DQAC) of the Physics Department is going to organize an expert lecture on Cosmoparticle Physics. The details of the expert lecture are as under:

**Topic of the Expert Lecture:** Cosmoparticle Physics - Fundamental Relationship of Cosmology and Particle Physics

**Name and Affiliation of Resource Person:** Professor Maxim Yu. Khlopov, President of Centre for Cosmoparticle Physics, National Research Nuclear University, Moscow, Russia

**Date and Time:** 1<sup>st</sup> November, 2023, 11:30 A. M. Onwards

**Venue:** Academic Block – D, Room No. D 113 (NLT-5)

**Mode:** Hybrid Mode

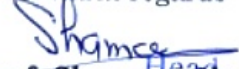

The lecture will also be streamed live on the official YouTube Channel of the Physics Department

YouTube Link: <https://www.youtube.com/watch?v=Arp7qhJzkgl>

All are requested to encourage their students to attend this interesting lecture.

Thanking you

With warm regards

  
**Prof. Shamoon Ahmad Siddiqui**  
Head, Department of Physics  
Integral University, Lucknow  
Lucknow

**Report on Expert Lecture on Cosmoparticle Physics Conducted by Physics  
Department on 1st November, 2023**

**Brief Report of Expert Lecture on "Cosmoparticle Physics - Fundamental Relationship of Cosmology  
and Particle Physics"  
Organized by  
Department of Physics**

Departmental Quality Assurance Cell (DQAC) of the Physics Department, Integral University, Lucknow organized an expert lecture on "Cosmoparticle Physics - Fundamental Relationship of Cosmology and Particle Physics" on 01.11.2023. The lecture was delivered by **Professor Maxim Yu. Khlopov**, President of Centre for Cosmoparticle Physics, National Research Nuclear University, Moscow, Russia. Prof. Maxim is a renowned academician & researcher in the world; with **339 Research paper, having 14255 citations & h index of 60**. Prof. Maxim is the author of 25 books, textbooks and chapters in books. He visited several countries, namely, USA, Poland, Hungary, Germany, France, Japan, Italy, Switzerland, Spain and many more.

The event began with a welcome address by Dr. Mohd Shahalam, Assistant Professor, Department of Physics. It was a highly informative and engaging event. The eminent speaker provided valuable insights into the interplay between cosmology and particle physics, shedding light on the connections and fundamental relationships that underpin our understanding of the universe. The speaker discussed **Dark Matter and Dark Energy, Arguments for BSM Physics and Primordial Black Holes**.

The lecture was well-received by the audience, which included students, researchers, and faculty members. The speaker's clear presentation and expertise in the field made the complex topics accessible to all attendees. A lively question and answer session followed the lecture, demonstrating the audience's active engagement with the subject matter.

**The event provided a platform for enriching discussions and further exploration of the fascinating field of cosmoparticle physics. Overall, the invited lecture successfully promoted a deeper understanding of the fundamental relationship between cosmology and particle physics, leaving the audience with valuable insights and knowledge.**

- **Mode:** The lecture was conducted in a hybrid mode, allowing both physical and virtual attendance. It was also live-streamed on the official YouTube Channel of the Physics Department.
- **Participant Attendance:** In total, 115 participants attended the lecture, which included both in-person and online attendees.

  
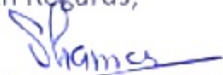

Head  
Department of Physics  
Integral University  
Lucknow

- **YouTube Views:** The lecture garnered **226** views on the official YouTube channel, indicating that the content reached a wider online audience beyond the live participants.

<https://www.youtube.com/watch?v=Arp7qhJzkgI>

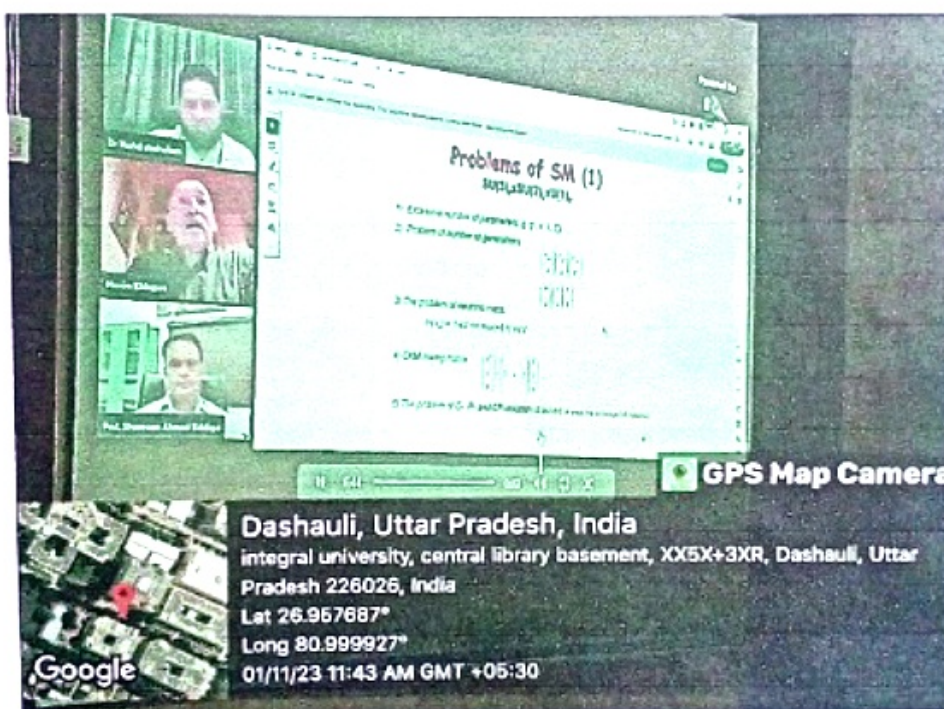

- **Coordination:** The event was effectively coordinated by Dr. Mohd Shahalam, Dr. Salman Ahmad Warsi, Dr. Afroz Ahmad Khan, Dr. Haroon & Miss Tahira Khatoon.
- **Vote of Thanks:** The session concluded with a vote of thanks by Prof. Shamoan Ahmad Siddiqui, Head, Department of Physics.

With Regards,

Prof. ~~Shamoan~~ Shamoan Ahmad Siddiqui  
 Head, Department of Physics  
 Integral University  
 Lucknow
