**Brief Report on  
1 Day Free Workshop  
"Artificial Intelligence"  
Organized by****Department of Computer Application** in collaboration with **Manyversity (Learning for Better Future)**

The **Department of Computer Application** in collaboration with **Manyversity (Learning for Better Future)**, successfully organized a 1 day free workshop on "Artificial Intelligence" on October 5, 2023. The event aimed to provide valuable insights into the world of AI and its application, with a focus on hands-on learning.

The workshop was conducted by the esteemed AI Developer and Data Scientist, **Mohd Faraz**. His extensive expertise in the field of AI ensured a high-quality learning experience for the participants.

**Program Overview:**

The workshop took place at the Central Auditorium (Hall-2) was well-received by the participants. We had a total of 319 registrations, demonstrating significant interest in the topic. Out of these, 110 participants attended the workshop.

**Highlights:**

- The workshop featured insightful presentations and discussions on the latest trends in Artificial Intelligence, including machine learning, deep learning, and natural language processing.
- Expert speakers provided valuable insights into AI applications across various industries, fostering a deeper understanding among attendees.
- Interactive Q&A sessions allowed participants to engage with speakers and address their queries, enhancing the learning experience.
- Networking opportunities enabled participants to connect with like-minded individuals and potential collaborators in the field of AI.

**Feedback:** Initial feedback from participants has been overwhelmingly positive, with many expressing their appreciation for the informative content and the opportunity to expand their knowledge in the field of Artificial Intelligence.

**Next Steps:** We plan to follow up with participants by providing access to presentation materials and additional resources to further support their learning journey in AI. Additionally, we are exploring the possibility of organizing more AI-related events in the future based on the high level of interest demonstrated by the number of registrations.

We extend our gratitude to Mr. Mohd Faraz for his insightful and informative workshop. We also thank all the participants for their active involvement and contribution to the success of the event.
