

Brief Report on
Byte Battle Escape
"{Capture The Flag}"
Organised by
Cyber Awareness Club, Department of Computer Application

Event Overview:

ByteBattleEscape, also known as Capture the Flag **{CTF}**, is a cybersecurity competition organised by the Cyber Awareness Club, Integral University, Lucknow. The event took place during Fiesta Month in March. CTF competitions are designed to challenge participants' cybersecurity skills, encouraging them to solve a series of challenges to find hidden flags. These flags, often pieces of text, files, or data, are strategically placed on vulnerable systems or services within the competition environment. The primary goal of a CTF is to find and capture as many flags as possible within a set time frame.

Registration Statistics:

A total of 87 participants registered for the ByteBattleEscape CTF, showcasing the widespread interest and enthusiasm among students for cybersecurity challenges. The diverse group of participants included students from different academic backgrounds, all eager to test their problem-solving and cybersecurity skills.

Event Structure:

CTF DAY: (29th February, 2024)

Description: The CTF event comprised a series of challenges that required participants to solve progressively difficult problems in different categories. Participants were presented with a web portal containing 20 questions, each carrying a weight of 50 marks. Winners were determined based on their overall marks and the time taken to complete the questions, emphasising both accuracy and efficiency.

Coordinator Recognition:

The success of the ByteBattleEscape CTF event would not have been possible without the dedicated efforts of the coordinators who organized and facilitated the competition.

Winner's Details:

1st Position :

Abdul Rahman (B.Tech CSE - 1st year)

2nd Position:

- 1. Mohd Owais Khan (B.Tech CSE - 2nd year)**
- 2. Mohd Nasir (B.Tech CSE - 2nd year)**

3rd Position:

- 1. Suraj Gupta (BCA - 2nd year)**
- 2. Sidra Muzaffar (BCA - 2nd year)**

Mentor:

Prof. (Dr.) Mohammad Faisal

Faculty Coordinator:

Mr. Shubham Kumar

Student Coordinator:

- 1. Rahil khan**
- 2. Mohd. Farhan**
- 3. Saud Ahmad**
- 4. Kashif Raza**
- 5. Sidra Siddiqi**
- 6. Elma Shariq**
- 7. Arsalanuddin**

Conclusion:

The ByteBattleEscape CTF event on 29th February 2024 was a resounding success, attracting a diverse group of participants and showcasing the talent and enthusiasm within the cybersecurity community. The challenging and well-designed competition, coupled with the dedicated efforts of the coordinators, contributed to an engaging and enriching experience for all involved.
