## REPORT ON

### "WORLD HEPATITIS DAY"

THEME: "One Life, One Liver"

Organized by 'Faculty of Nursing' on 28<sup>th</sup> July 2023.

The department of Nursing had conducted an Extension Activity on "World Hepatitis Day" on 28<sup>th</sup> July 2023 in collaboration with NSS. This Program has been conducted under the guidance of Dr. Prof. Ashfaq Khan Director, IIAHSR, IINSR & Mr. Farzand Ali (Principal, IINSR)

#### The Program Coordinators:

Dr. Prof. Annie Chandra  
Mr. Farzand Ali  
Mr. Parmeshwar  
Ms. Shreya Sinha  
Mr. Khurshid Ahmad  
Ms. Saba

#### About the Theme

World Hepatitis Day is observed each year on 28 July to raise awareness on viral hepatitis, and this year's theme is 'one life, one liver'. You have only got one life, and you have only got one liver. **World Hepatitis Day** is a global initiative to raise awareness about hepatitis and its impact on millions of lives. On this important day, let's come together to learn, educate, and advocate for prevention, testing, and treatment. Together, we can eliminate hepatitis and ensure a healthier future for all.

#### Significance of World Hepatitis Day

World Hepatitis Day takes place every year on July 28th, focusing attention on the vast impact of viral hepatitis infections globally. The five hepatitis viruses: A, B, C, D, and E can be transmitted in different ways, affect various populations and have different health implications, causing both acute and chronic liver disease sometimes with symptoms only appearing once the disease is advanced. Some types of hepatitis are preventable through vaccination but low coverage of testing and treatment is an important gap to be addressed in order to achieve global elimination goals by 2030.

This annual observance is an opportunity to step up national and international efforts on hepatitis, to foster actions, engagement, and highlight the need for a greater global response. This year, under the theme "One Life, One Liver," organizations around the world call to accelerate elimination efforts of viral hepatitis as well as addressing the current gaps on testing and treatment.

### Event Schedule:

The programme has start by welcome speech given by the students. BSc Nursing 4<sup>th</sup> Year, PBBSc 2<sup>nd</sup> Year, GNM 2<sup>nd</sup> Year students have participated in the Extension Activity. Health Talk was held in Community area. Bhakhamau village has selected as the event location due to accessibility and relevance. The students emphasized collaboration for impactful community awareness by their Health Talk and Skit.

### Closing Remarks and Thanks

The programme concluded with heartfelt closing remarks and expressions of gratitude from the Program Coordinators, acknowledging the collective effort in raising awareness about Hepatitis, types of Hepatitis, cause, symptoms & management of Hepatitis and reaffirming the commitment to ending the disease.
