### Report of Expert Lecture “We, AI and World: Discover Your Career Path”

Dear All,

We are pleased to inform that the Department of Computer Application organized an expert lecture on "**We AI and World, Discover Your Career Path** " on October 3, 2024, in Hall 1, Central Auditorium. The primary aim of this lecture was to provide a comprehensive understanding of artificial intelligence and its profound impact on various aspects of our lives and the global landscape.

The resource person for this event was **Mr. Prashant Malviya**, a consultant at TCS, Lucknow and an alumnus of the Indian Institute of Management (IIM). Mr. Malviya is a distinguished expert in the field of artificial intelligence, bringing extensive experience and valuable insights into the topic.

During the lecture, Mr. Malviya emphasized the transformative role of AI in shaping industries, economies, and societies. He discussed the following key areas:

- **AI Technologies**: An overview of machine learning, natural language processing, and computer vision.
- **Applications of AI**: Utilization of AI across various sectors such as healthcare, finance, education, and transportation.
- **Ethical Considerations**: The importance of responsible AI development and the ethical implications of AI in society.
- **Future Prospects**: The evolving landscape of AI and its potential to drive innovation and economic growth.

Mr. Malviya also explored the career opportunities in AI, highlighting the growing demand for skilled professionals in this field. With the rapid advancement of technology, the need for individuals adept in AI continues to rise, offering competitive salaries and significant opportunities for growth.

A notable aspect of the event was its interactive nature. Following the lecture, attendees actively engaged in a lively Q&A session, allowing for rich discussions and personal insights. This engagement fostered an enriching dialogue

where students could seek clarification and delve deeper into topics of interest. The expert lecture on "We AI and the World" not only equipped participants with a deeper understanding of AI's role in our lives but also encouraged them to actively participate in shaping their learning experience.

The session concluded with the felicitation of the guest speaker and a vote of thanks. Faculty and students from the MCA and BCA programs of the university attended the event. **Dr. Anwar Bari, Mr. Motashim Rasool, and Mr. Sarafaraz Alam** from the Department of Computer Application coordinated the lecture well.

## Glimpses of the Event:
