**Report****on****Expert Lecture "Navigating the Cloudscape:  
Unveiling Deployment Models and Services."**

Dear All,

We are delighted to announce that the Department of Computer Application, Integral University, under the Departmental Quality Assurance Committee (DQAC), successfully organized an enriching guest lecture titled **"Navigating the Cloudscape: Unveiling Deployment Models and Services"** on **September 4th, 2024** in Hall-3, Central Auditorium Building, Integral University, Lucknow by **Dr. Hemant Kumar Singh**, Professor and Dean of Engineering at the School of Management Sciences, Lucknow.

**Dr. Hemant Kumar Singh** is an esteemed educator and innovator in the computing field with 21 years of experience in delivering professional and technical education. Dr. Singh has made a significant impact on the education sector, becoming a beacon for students. Dr. Singh received the prestigious Global Teacher Award 2021 for excellence in educational services and exemplary work in education, DEWANG MEHTA National Education Award for Best Professor in Computer Science Studies (Regional Round), Teacher of the Year award from Times-Tribune, and the Academic Excellence Award from SMS Lucknow. Dr. Hemant Kumar Singh is an accomplished author with three published books and five book chapters to his credit. He has contributed over 30 research papers to both international and national journals as well as two patents.

The event aimed to provide participants with valuable knowledge about optimizing cloud strategies and discovering innovative cloud solutions to enhance operational efficiency and drive innovation. The primary objective was to deepen the faculty and students' understanding of the intricacies of cloud technology and its practical applications. Dr. Singh emphasized the significance of understanding various cloud deployment models (public, private, hybrid, multi-cloud) addressing key challenges in cloud adoption and provided practical solutions. Dr. Singh highlighted real-world examples of cloud solutions across multiple industries and explained how cloud technologies drive operational efficiency and innovation.

The expert lecture was attended by the faculty members and students of MCA and BCA. The Question and Answer session was engaging, leading to meaningful discussions, attendees had the opportunity to clear doubts and delve into cloud strategies for practical applications. The interactive format of the session ensured a highly informative experience for everyone involved.

Finally, the session was concluded with the felicitation of guest and a vote of thanks to the organizers, speakers, and participants by Mrs. Farha Zia

The expert lecture was well coordinated by **Dr. Anwar Bari** and **Mrs. Farha Zia** along with the Expert Lecture team members of the Department of Computer Application.
