In alignment to the vision of the University and its Programs where Industry Exposure & Field Visits are the key aspects for quality education and imparting excellence in a way that the criteria for UN's Sustainable Development Goal 04 of Quality Education are fulfilled, an Educational Tour was organized to document Mahmudabad Fort between 24th to 27th February 2025. Students from 2nd and 3rd year of Bachelor of Architecture and Bachelor of Design (Product & Interior Design) were accompanied by Faculty Members to make them aware of the heritage and to let the students document the structure and capture its details through drawings, photographs and videos.

The students were guided by the Faculty Members who demonstrated them the methodology to document heritage using measuring tapes, and equipment such as distometer. The students captured intrinsic details through sketches, interview bites & measure drawings and aim to compile the documentation through a book publication on Mahmudabad.

The Department sincerely appreciates the support of the University's Higher Authorities for facilitating such excursions, which significantly enhance students' experiential learning. This exercise was conducted under the supervision of Faculty Members Ar. Khurram Ashraf, Ar. Shubham Singh, Ar. Mohammad Noman Mansoori, Ar. Mohammad Fahad Aslam, Pl. Ar.
