REPORT ON CYBER SECURITY SEMINAR 2025 28/02/2025

The Department of Computer Science & Engineering, in collaboration with D.R.D Security, organized the Cyber Security Seminar 2025 on 28th February 2025 at the CSE Seminar Hall, B-Block. The seminar aimed to educate students on modern cybersecurity threats, ethical hacking, and defense techniques. Ms. Nida Khan, Faculty Coordinator, along with Mr. Abdul Masood, Founder of D.R.D Security, led the event, providing valuable insights into the world of cybersecurity.

The seminar witnessed active participation from 176 students, along with faculty members and cybersecurity enthusiasts. The event featured interactive demonstrations, including hacking techniques, security measures, and real-world cybersecurity challenges. Abdul Rahman, Lead Coordinator of Cyber-Ops Club, conducted hands-on experiments related to IoT security and hacking.

Key topics covered during the seminar included phishing techniques, secure password creation, Windows hacking payloads, DoS and DDoS attacks, SQL injection, and MITM (Man-in-the-Middle) attacks. Participants gained hands-on experience and received an exclusive Kali Linux course coupon from D.R.D Security, further enhancing their learning opportunities.

The event concluded with a Q&A session where students interacted with industry experts, followed by a vote of thanks to speakers, organizers, and attendees. Feedback from participants highlighted the engaging and informative nature of the session, with many expressing interest in future cybersecurity workshops and training sessions.

Glimpses of the Event:

Expert Session on Cyber Threats and Mitigation.

Group Photo – Students, faculty, and cybersecurity experts.

Speaker: Mr. Abdul Masood
