A BRIEF REPORT ON
EXTENSION ACTIVITY ON
"WATER EQUITY AND HYGIENE"
AT PRATHMIK VIDYALAYA, BAKSHI KA TALAB, DASHAULI
ORGANIZED BY
DEPARTMENT OF LANGUAGES
IN COLLABORATION WITH NSS

Tuesday, 22 APRIL 2025

Dear All,

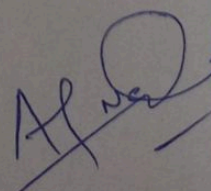

An extension activity on **"Water Equity and Hygiene"** at **Prathmik Vidyalaya, Bakshi Ka Talab, Dashauli** was organized by the **Department of Languages** in collaboration with the **National Service Scheme (NSS)** on Tuesday, 22 April 2025. As part of our commitment to rural advancement, students along with faculty members visited government school. The activity is aligned with **SDG-6 'Clean Water and Sanitation'** and Government of India's initiatives like Jal Jeevan Mission (JJM). The Jal Jeevan Mission (JJM) is a flagship initiative by the Government of India that aims to provide a functional household tap connection to every rural household — realizing the vision of "Har Ghar Jal" by 2024.

The faculty coordinators for the program were **Dr. Fatima Sahrish and Dr. Eram Fatima**, Department of Languages, Integral University. As part of this initiative, faculty members of the department sensitized students regarding safe drinking water practices, hygiene, and water conservation.

Using informative posters and interactive sessions, students were educated on:

- The importance of drinking clean and safe water.
- Avoiding the use of plastic bottled water to reduce plastic waste.
- The necessity of handwashing with clean water and soap to prevent diseases.
- Conserving water by avoiding wastage in daily activities.
-

The students actively participated, asked questions, and pledged to adopt safe water and sanitation practices. This activity contributed to the broader goal of sustainable water management and hygiene promotion, and highlighted the role of educational institutions in driving behavioral change at the grassroots level.
