**BRIEF REPORT ON
PARAMETRIC APPROACHES IN ARCHITECTURE
HELD ON 11TH APRIL, 2025
organized by
FACULTY OF ARCHITECTURE, PLANNING & DESIGN
INTEGRAL INSTITUTE OF PROFESSIONAL STUDIES & RESEARCH
PHASE 3- INTEGRAL UNIVERSITY, LUCKNOW
In collaboration with
PAACADEMY**

In continuation of the Faculty's mission to provide students with global exposure and contemporary knowledge aligned with evolving architectural practices, the Faculty of Architecture, Planning and Design organized an insightful guest lecture on Parametric Approaches in Architecture on 11th April 2025. The event was conducted in collaboration with PAACADEMY—an international design education platform based in the USA and Turkey.

The online session was delivered by Mr. Hamid Hassanzadeh, Founder and CEO of Parametric Architecture and PAACADEMY. As a prominent voice in the field of computational and parametric design, Mr. Hassanzadeh shared his expertise and experiences with students and faculty, offering a deep dive into the role of emerging technologies and digital tools in reshaping the future of architecture.

The lecture aimed to introduce students to parametric design thinking and methodologies, emphasizing its application in real-world projects across scales and typologies. The session also encouraged critical thinking and inspired participants to explore innovative design processes beyond conventional frameworks.

We extend our heartfelt gratitude to Prof. Zeba Nisar for coordinating with Mr. Hamid Hassanzadeh for delivering an inspiring session and sharing his expertise with our students. Such academic interactions significantly enhance students' understanding of global design practices and reflect the Faculty's commitment to fostering excellence and innovation in architectural education.

The event was coordinated by faculty members Mr. Irfanullah Khan, Ar. Shriya Agrawal, and Ar. Sabeeha Haq, with the esteemed guidance of Prof. Ar. Zeba Nisar, Dean – Faculty of Architecture, Planning & Design, and Prof. Dr. Safiullah, Head – Department of Architecture.

Glimpses of the lecture are attached here:

Thanks and Warm Regards,

Prof. (Ar.) Zeba Nisar
