Poster Making Competition

Theme: "Creative Solutions for a Sustainable Future: Effective Rainwater Harvesting and Green Campus Initiatives"

on

28th August, 2024

The Faculty of Education at Integral University, Lucknow, organized a Poster Making Competition on the 28th of August, 2024, with the theme "Creative Solutions for a Sustainable Future: Effective Rainwater Harvesting and Green Campus Initiatives." This competition was part of the University Grants Commission's (UGC) initiative to promote sustainable practices in higher educational institutions, encouraging students to explore innovative ways to capture rainwater and create greener, more sustainable campuses. The event was coordinated by Dr. Bushra Sumaiya, Assistant Professor, Faculty of Education.

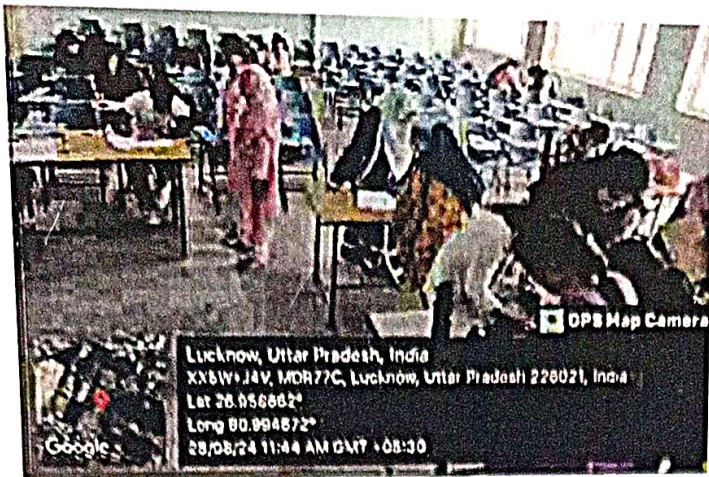

The competition saw active participation from students across various departments. The theme encompassed several sub-themes, including innovative rainwater harvesting systems, simple ways to conserve water, the importance of green spaces on campus, the benefits of planting trees, and strategies for reducing water waste. Participants were required to create original posters, with a strong emphasis on the use of environmentally friendly materials. The enthusiasm of the students was profound, as they showcased their creativity and dedication to sustainability through their designs.

The event was judged by Dr. Ambrina Sardar Khan, Head of the Department of Environmental Science, and Dr. Azkiya Waris, Associate Professor in the Department of Education at Integral University. Their expertise in environmental science and education was invaluable in evaluating the posters and providing insightful feedback to the participants.

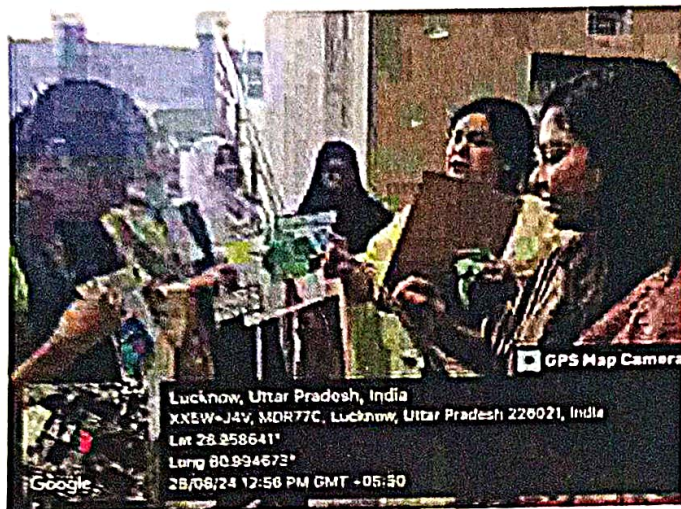

The winners of the competition were Ayushi Swarnkar from D.El.Ed. 1st year, who secured the first position, followed by Rani Yadav from B.Ed. 2nd year in second place. The third position was shared by Muhamad Abbas from the PG Diploma in Value Education program, and Shaifali Pawar and Pragati Maurya from B.Ed. 1st year. Certificates of appreciation were awarded to the winners, while all participants received certificates in recognition of their efforts.

The competition was a resounding success, highlighting the commitment of Integral University's students to sustainability and environmental conservation. The event not only celebrated artistic expression but also provided a platform for students to engage in meaningful dialogue on sustainable practices and their importance in the academic context. The Faculty of Education extends its heartfelt thanks to the judges and participants for making the event a memorable and impactful one.
