Dear All,

Department of Physics, Integral University is organizing a guest lecture on gender equity entitled as "**Science of Human-Human Relations: The Other is Similar to me**". The lecture will take place on **September 18, 2024, starting at 11:00 a.m. in Hall-1, Central Auditorium Building.**

We are honoured to have **Dr. Manisha Shukla, Associate Professor, Department of Chemistry, University of Lucknow** as our distinguished speaker for this event. The aim of this guest lecture is to inculcate the importance of gender equity amongst the students. This lecture will provide complete knowledge and awareness about it.

We cordially invite all faculty members and students from every department to attend this enriching lecture. We look forward to your active participation in this enlightening session.

With warm regards

Prof. Shamoon Ahmad Siddiqui  
Professor and Head  
Department of Physics, Faculty of Science  
Integral University, Lucknow

**Department of Physics  
Integral University, Lucknow, Uttar Pradesh, India  
Report of Guest Lecture  
On  
Science of Human-Human Relations: "The Other is Similar to Me"**

**Date: 18<sup>th</sup> September 2024**

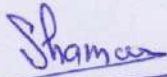

Gender equality is a fundamental human right that is essential for a peaceful, prosperous, and sustainable world. It is a state where men, women, trans people, and gender-diverse people have equal rights, opportunities, and access to resources. Gender equality is not just about women and men, but also about the interrelationships amongst all human beings. Gender equality requires equal enjoyment by women and men of socially valued goods, opportunities, resources and rewards.

In view of above, The Departmental Quality Assurance Cell (DQAC) of the Physics Department organized an Expert Lecture on **Science of Human-Human Relations: "The Other is Similar to Me"**. The lecture was held on September 18, 2024, at Hall – 1, Central Auditorium Building, in offline (face to face) mode. The resource person for guest lecture was Dr. Manisha Shukla, Associate Professor, Department of Chemistry, University of Lucknow.

The event commenced with a warm welcome extended by Dr. Tahira Khatoon, Assistant Professor, Physics Department, who invited Ms. Rida to present a bouquet to Dr. Manisha Shukla as a gesture of appreciation and warm hospitality. Following a brief introduction of Dr. Manisha Shukla, Dr. Tahira Khatoon invited her to begin her insightful talk.

The lecture was attended by approximately 80 participants, including faculty members and students. The lecture provided valuable insights into human relationships and gender equality. Dr. Shukla said that gender equality implies to the interests, needs and priorities of both women and men and girls and boys should be taken into consideration, recognizing the diversity of different groups and that all human beings have equal opportunities to develop their personal abilities. The lecture was followed by an interactive session, during which the students had all the opportunity to interact with the speaker, asking questions, fruitful discussion and clarifications.

The event concluded with a heartfelt vote of thanks by Prof. Shamoan Ahmad Siddiqui, Head, Department of Physics. He expressed gratitude to Dr. Manisha Shukla for sharing her expertise and knowledge with the university community. He also thanked all the participants, faculty members, and students who attended the lecture, making it a successful and enriching experience.
