Date: 26-09-2024

NOTICE

Department of Biosciences, Integral University, in collaboration with the National Service Scheme (NSS), will organize an Awareness and Sensitization Activity on “Cyber Surakshit Bharat” on October 1, 2024, at Dasauli Village. The program's primary objective was to educate the local population about the importance of cybersecurity, safeguarding personal data, and practicing safe internet usage.

We extend an invitation to students to actively participate in this awareness program. The program aimed to raise awareness about common cyber threats and measures to protect oneself from online fraud, identity theft, and misuse of personal information.

Report on

Awareness and Sensitization Activity on "Cyber Surakshit Bharat" Organized by the Department of Biosciences, Integral University, in collaboration with NSS

As part of the national initiative **Cyber Surakshit Bharat**, which aims to promote cybersecurity awareness, the Department of Biosciences organized an awareness & sensitization program in collaboration with NSS, at **Dasauli Village on October 1, 2024**. The program was organized with the primary objective of educating the population in nearby areas about cybersecurity, safeguarding personal data, and safe internet practices.

Objectives:

- To educate rural communities on safe internet usage and create a cyber-literate society.
- To make participants aware of cybercrimes, online frauds, and how to protect themselves.
- To promote safe digital payment methods and secure online practices.

Date and Venue

- **Date:** 01/10/2024
- **Venue:** Dasuali village

Participants

The sensitization activity witnessed enthusiastic participation from:

- **University Volunteers:** 150 students and 02 faculty members (**Dr. Andleeb Khan and Dr. Jahanarah Khatoon**) from the Department of Biosciences and 01 NSS representative (**Dr. Tahira Khatoon**) from the Department of Physics have participated.
- **Target Audience:** Local Community members including farmers, small business owners, students, green grocers, vendors, and housewives.

Activities Conducted

1. Interactive Awareness Sessions:

o Topics Covered:

- Importance of cybersecurity in day-to-day life.
- Identifying phishing scams, fraudulent calls, and suspicious emails.
- Safe use of social media platforms, especially Facebook, WhatsApp, and Instagram.

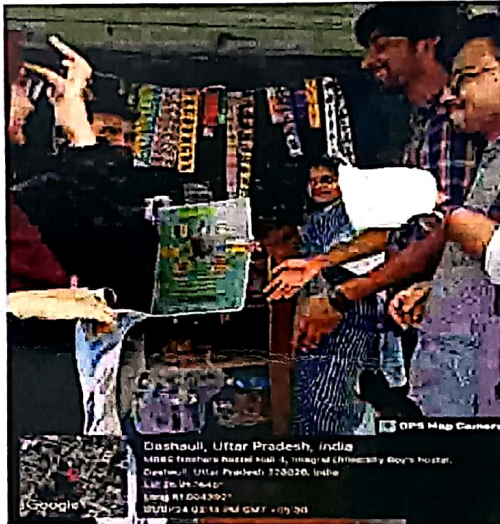

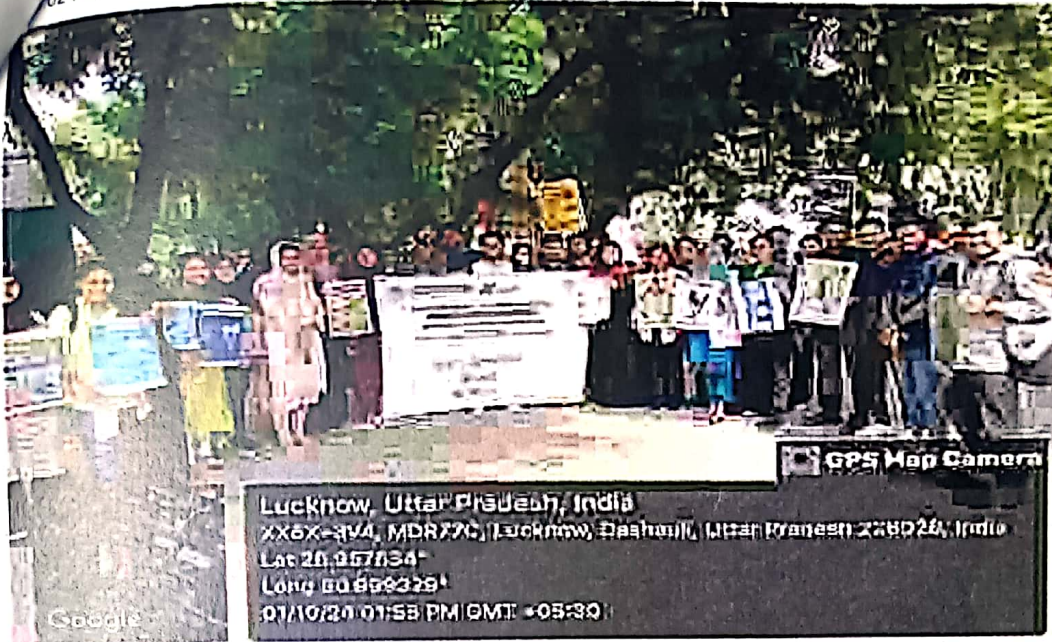

- How to create strong passwords and the importance of regular password changes.
- Demonstration of how to identify and report cyber threats to local authorities.
- **Key Takeaways:** The villagers were informed about the dangers of sharing sensitive information like bank details, OTPs, and personal ID numbers online.

1. Hands-on Training Sessions:

- **Mobile Phone Security:** Volunteers conducted sessions on mobile security settings, including how to enable two-factor authentication and the safe use of mobile banking apps.
- **Wi-Fi and Internet Safety:** Guidance on how to secure home Wi-Fi networks to prevent unauthorized access and data theft.
- **Digital Payment Safety:** A session on how to safely use UPI, digital wallets, and online banking without falling prey to scams.
- A step-by-step guide on how to report cybercrime using the government's dedicated helpline (1930) and the *Cybercrime.gov.in* portal.

In conclusion, we believe that initiatives of this nature play a pivotal role in creating a safer and more informed community. Many participants expressed gratitude for the simple and practical tips shared by the university volunteers. It was evident that the program significantly improved the understanding of people regarding cybersecurity and encouraged them to adopt safer online habits.

Best Regards
