

Report on World Antimicrobial Resistance Awareness Week (WAAW)–2025

Observed by

Faculty of Pharmacy, Integral University, Lucknow.

18–24 November 2025

The **Faculty of Pharmacy**, Integral University, Lucknow, successfully observed *World Antimicrobial Resistance Awareness Week (WAAW)–2025* from **18 to 24 November 2025** under the theme “**Act Now: Protect Our Present, Secure Our Future.**” The initiative was organized under the Pharmaceutical Society of Integral University with the aim of spreading awareness on antimicrobial resistance (AMR), encouraging preventive practices, and promoting responsible use of antibiotics. The Organizing Committee was led by **Prof. Syed Misbahul Hasan**, along with **Prof. Juber Akhtar** and **Prof. (Dr.) Javed Akhtar Ansari**. The event witnessed enthusiastic participation from students, faculty, and community stakeholders, aligning with Sustainable Development Goals (SDGs) 2, 3, 4, 6, and 9.

The World AMR Awareness Week–2025 observance at the Faculty of Pharmacy, Integral University, proved highly successful in educating and mobilizing students, healthcare professionals, and the community against the growing threat of antimicrobial resistance. The activities effectively integrated awareness, skill development, and community outreach, sending a strong message that collective action today is vital to protect global health for future generations.

Hospital Visit – Kalyan Singh Super Speciality Cancer Hospital – 19 November 2025

A hospital visit with 20 participating students was conducted on 19 November 2025 at Kalyan Singh Super Speciality Cancer **Hospital**, Lucknow, under the supervision of Prof. Javed Akhtar Ansari, Dr. Md. Sohel Akhter, Dr. Md. Nematullah, and Dr. Farman Ahmed Khan. During the visit, students gained practical insights into antimicrobial resistance management and observed challenges in treating immunocompromised patients, particularly those undergoing cancer therapy. A key highlight of the visit was an informative session delivered by Prof. Javed Akhtar Ansari to the paramedical staff of the hospital, focusing on preventive strategies against antimicrobial resistance, the importance of infection control practices, and the judicious use of antimicrobials in healthcare settings. The session was highly appreciated by the hospital personnel and helped reinforce critical AMR prevention measures within the clinical environment.
