

## DEPARTMENT OF CIVIL ENGINEERING

### SEMINAR HALL

The Department of Civil Engineering has well-furnished Seminar Hall, spread over an area of 192 square feet with advanced sound system and projector facilities that support proper training and lectures. Seminar hall is totally air-conditioned and can comfortably accommodate 150 individuals. It clasps instruments that of the smart classrooms, such as the Quality Audio-Visual System, Microphone, Podium, White Board, LED display and Slide projector. The seminar hall is spacious and well ventilated.

Both the students and faculty have access to the seminar hall amenities, which can be used for a variety of purposes, including Presentation, Meeting, Workshop, Guest lectures etc. The Seminar Hall can be accessed at the time of the induction or orientation programme for newly admitted students and when representatives of various conglomerates visit the Civil Engineering Department to counsel the students and directs their future prospects.

The Department of Civil Engineering only seeks to provide high-quality instruction and training, as well as facilities that are focused on students. As a result, Civil Engineering Department work hard to make their students' experiences worthwhile and to support their entire development so they can acquire a profession.
