IEEE International Conference

“Computational and Characterization Techniques in Engineering & Sciences”

CCTES-18

Organized on September 14-15, 2018 at Integral University, Lucknow

The latest iteration of the IEEE International Conference on COMPUTATIONAL AND CHARACTERISATION TECHNIQUES IN ENGINEERING & SCIENCES, (IEEE Conference Record number-44023) was organised by the department of Electronics and Communication, Physics and Electrical Engineering, on September 14th and 15th. The International conference was attended by eminent academicians, well versed faculty members, professionals, and students from various universities and representatives of government institutions from all over the Indian subcontinent.

The Conference was kick started into life by Prof. S.Hasan Saeed (Conference General Chair, Head Electronics Department), who addressed and welcomed the audience, wherein he briefed about the achievements of Integral University in the fields of research and technology. Further, Dr. Nadeem Akhtar (Dean Engineering, Director Planning & Research) shared his views on how CCTES has been an important part of Integral University. Prof Aqil Ahmad (Vice-Chancellor), further added towards the influence of CCTES, and how it encourages the different flows of ideas. Our Honble' Chancellor Prof.

S.W. Akhtar, described how Integral University has had been carrying out the legacy of hosting the CCTES and its success.

The Conference was then addressed by guest PROF. ING SIAN LUN LAU SIAN (Associate Dean, (Academics) Malaysia), and the GUEST OF HONOR, DR. KHALID KHAN, (CEng, Bombardier Transportation, Derby,UK.), who were extremely grateful to be a part of it, and then all gathered for the release of the CCTES 2018 SOUVENIR, and furthermore momentos were presented as a token of gratitude felt.

Prof. Monauwer Alam (Convener, Head Electrical Department) shared the Vote of Thanks, and signaled the commencing of the conference.

The CCTES Conference was divided into 7 Major tracks, namely;

- Advanced Computing, Software Engineering and IOT
- Data Communication and Signal Processing
- Electronics and Communication
- SS Application of Power Electronics in Renewable Energies
- Power Engineering, Digital Control System and Materials
- Renewable and Sustainable Energy
- Cybersecurity and IPR.

Various personnel and active research scholars, and authors from various parts of the city, and countries from all over presented their valuable work as an expedition towards the encouragement of attaining the knowledge of the emerging trends of electrical energy.

On 15th September, IEEE CCTES was kicked off with a keynote by Prof. Ekram Khan (AMU, Aligarh) describing the Advancements of Digital Signal Processing, alongwith the Scope of IOT in the field of Agriculture, Temperature Monitoring. Prof. Ekram Khan, further talked about the Image Processing Devices and the typical encoders used, however his sheer focus was on the emerging trends of the digital signal & image processing. Concluded his keynote, he asked a very subtle yet impactful question, quoted "Everybody has an smartphone today, but do you even know why do you have one? Do you even need one?"

As the event proceeded, and things started to settle down, professionals and authors from all over the country had presented on topics that ranged from, Data Communications to Signal Processing, to Renewable Energy systems to Control Systems and IPRs. Every single paper presented here, had an edge over each other, as they all had described the emerging trends successfully, even explaining scenarios that have raised attention, as well as criticising the existing methods and how they can be evolved, furthermore detailed surveys had an expert side to itself, as they were rich in data that had already been analysed by the experts and were true to its form.

A Skype Presentation session was also held that focused on authors presenting the Recent Trends of either tracks, showcasing a few newer methods that improved application of subjects, and deep surfaced reviews.

Towards the conclusion of the event, a valedictory session was held that awarded mementos to the best papers from all the seven tracks of the conference. On behalf of the departments of ECE, EE & Physics Mr. Imran Ullah Khan (Conference Chair & Organizing Secretary), delivered Vote of thanks. He thanked all the sponsors, advertisers, delegates, representatives from the media and the faculty and student for their generous support.

The conference came to a conclusion with the hope of bringing the best again next year, which would be emphasising on further trends and would be relatable to the past as well.

Highlights of Cpnference

Total number of research papers = 190 from India and abroad.

Paper Accepted=61 after double blind peer reviewed

ORGANIZING COMMITTEE

Chief Patron

- Prof. S.W.Akhtar, Hon'ble Chancellor, IU Lucknow

Patrons

- Prof. Aqil Ahmad, VC(Acting), IU, Lucknow
- Prof. I.A.Khan, Registrar, IU, Lucknow
- Dr. S. N. Akhtar, DPR & Dean Engg., IU, Lucknow

Co-Patrons

- Prof. S.A.Ahmad, Director HRDC, IU, Lucknow
- Prof. A.R.Khan, Dean Science, IU, Lucknow

Convener(s)

- Prof. S. Hasan Saeed, Deptt. of ECE, IU, Lucknow
- Dr. Monauwer Alam, Deptt. of EE, IU, Lucknow
- Dr. Seema Srivastava, Deptt. of Phy., IU, Lucknow

Conference General Chair

- Prof. Syed Hasan Saeed, Deptt. of ECE, IU, Lucknow

Conference Chair & Organizing Secretary

- Mr. Imran Ullah Khan, Deptt. of ECE, IU, Lucknow

Technical Program Chair

- Dr. Shailendra Kumar, Deptt. of ECE, IU, Lucknow

Technical Program Co-Chairs

- Prof. M.A.Mallick, Deptt. of EE, IU, Lucknow
- Dr. Asif Jamil Ansari, Deptt. of EE, IU, Lucknow
- Dr. Mohd. Faisal, Deptt. of CA, IU, Lucknow
- Dr.S.K.Nayak, Deptt. of CA, IU, Lucknow

ABOUT INTEGRAL UNIVERSITY

Integral University is a NAAC accredited state private university established in 2004 and approved by UGC under section 2(f) and 12(B) of UGC act 1956, MCI, PCI, BCI, INC, CoA, NCTE, UPSMF, IAP & DEB. Member of AIU. Courses Accredited by NBA. Recognized as a Scientific and Industrial Research Organization (SIRO) by the Department of Scientific and Industrial Research (DSIR), Ministry of Science & Technology. It has marvelous ambience and academically, lively and vibrant environment, highly conducive to higher and dedicated academic pursuits. It has lush green campus spread in 35 acres. The university is committed to generating, disseminating, and preserving knowledge. Our academic programs like engineering, medicine, science, arts, architecture and management equip students with the academic rigor and intellectual capacity to meet the corporate business challenges. University has its Medical, Integral Institute of Medical Sciences and Research with a 500 + bedded multispecialty hospital.

ABOUT LUCKNOW

Lucknow has been known as the city of Tehzeeb, Culture, Art, Literature and Cuisine. In past few decades, city is also being known as science and education hub. New architecture of Lucknow includes Ambedkar Park, Eco garden, Janeshwar Mishra Park, JPN International center, Newly established International Cricket stadium, Awadh Shilp Gram, Indira Gandhi Pratisthan, New building of High Court. Some of the major historical monuments of Lucknow include Bara Imambara, Residency, Chattar Manzil, Rumi Darwaza, Clock Tower, Moti Mahal, Hussainabad Imambara and many others. Lucknow is connected with major cities through flights, trains and buses.

PAPER SUBMISSION & SCOPE OF CONFERENCE

The aim of this Conference is to create an opportunity for participants to discuss the applications of Computational and Characterization Techniques in Engineering & Sciences. Original research contributions, technical papers and review papers on the following topics are invited for peer review and possible publications.

Articles should comprise of upto six (6) pages, and comply with the IEEE layout of the template provided.

PAPER PUBLICATIONS

Accepted and Presented papers will be published in the proceedings and submitted to the IEEE Xplore Digital Library for possible publication. At least one author of each accepted paper is required to register and present their paper at the conference; otherwise paper will not be included in the proceedings. **Best Paper Awards will be presented to high quality papers in each track.**

CONFERENCE TRACKS

- Track 1:** Advanced Computing, Software Engineering & IOT
- Track 2:** Data Communication and Signal Processing
- Track 3:** Electronics and Communication
- Track 4:** Power Engineering, Digital Control System and Control System
- Track 5:** Renewable and Sustainable Energy
- Track 6:** Cybersecurity & IPR
- Special Session**
- Track 7:** Application of Power Electronics in Renewable Energy Systems
