

Environment Policy

Overview:

Integral University is dedicated to maintain, and wherever possible, improve the quality of its environment. It's for both, the people who live and work in the University and for the wider community.

Philosophy

The university remains committed to high standards of environmental protection and leadership as reflected in a range of its activities including teaching, research and community services.

Objective:

Environment Policy of Integral University seeks to make the most adequate and efficient use of all University resources, to conduct all academic and extracurricular activities as well as services within the Campus and in designated areas outside the Campus, so as to minimize any adverse environmental impact, and to comply with relevant legislations.

Implementation of the policy shall be achieved at university by:

- Ensuring that the environment will not suffer as a result of various activities undertaken by the university. This entails minimization of negative impacts on the environment, conservation and judicious use of natural resources, respect for biodiversity and rehabilitation of degraded environmental components.
- Provide safe and healthy environment for students, faculty and staff.
- Promote environmental awareness and sensitivity among the community and other stakeholders regarding their actions environment, and how even small changes in their attitudes and actions can collectively contribute to a more sustainable future and improved quality.
- Ensure compliances with all applicable environmental regulations.
- Ensure and encourage greater commitment to multidisciplinary research in environmental issues at local, national and global levels.
- Participate and contribute to the environmental decision-making processes at the community level and launching initiatives to promote networks cutting across universities and civil societies.

The university intends to pursue a programme of continuous improvement in our procedures, practices and review the policy on a regular basis to evaluate continued relevance and to monitor compliance.
