

The IQAC and IIRC, Integral University, Lucknow, organized a guest lecture on “**The procedure of Patent filing, Commercialization of patents and Patent System in India**” on **04<sup>th</sup> December 2021** at Hall-1, Central Auditorium, Integral University. The speaker was **Dr. Mohd. Tariq, Assistant Professor, Department of Electrical Engineering, AMU (Ex-Researcher, Rolls-Royce at NTU Corporate Research Lab, NTU, Singapore).**

The event was hosted by **Dr. Mir Snober Shabnam**, Associate Professor, Department of Bioengineering. In his lecture, Dr. Mohd Tariq mainly emphasized on patents, motivating the students and faculty by sharing the details about the procedure for patents filing and his experiences. He addressed the difficulties one faces while deciding to go for patent and highlighted the need to evaluate what is patentable.

He addressed **105 participants** as the keen audience including **faculty members** and **students** of the University. He shared his experiences about the patents filing across the globe. He addressed all the queries put forward by the audience and enhanced their awareness about patent filing. The audience found the lecture beneficial, informative, motivational, and relevant in the current scenario. The event was concluded with the vote thanks by **Dr. Mir Snober Shabnam**.

**Dr. Mir Snober Shabnam** , Associate Professor, Department of Bioengineering and **Dr. Mohammed Asim**, Assistant Professor, Electrical Engineering Department were the coordinators of the event. **Prof. Syed Misbahul Hasan**, Director, IQAC and IIRC was the convenor of the event.
