NOTICE

It has come to our attention that some hostel residents have been taking their meals to their rooms instead of eating in the designated dining area. All the residents are reminded that meals are to be consumed only in the dining area.

Eating meals in the rooms can lead to hygiene and cleanliness issues, which can be harmful to everyone's health. The dining area is designed to provide a clean and safe environment for all residents to enjoy their meals together.

All are required to adhere to the hostel rules and regulations, and consume your meals in the designated dining area only.

We appreciate your cooperation and understanding in this matter. Let us work together to maintain a clean and healthy living environment for all hostel residents.
